Our Mission
It is the mission of Cottonwood to provide a variety of community based supports and services to individuals with developmental disabilities, empowering them to live as independently and productively as possible while promoting individual choice, dignity, and quality of life.

Who we Serve
A person with a Developmental Disability has one or more lifelong conditions which occurred before the age 22. These may include mental retardation, cerebral palsy, seizure disorders, vision or hearing impairments, mobility impairments, speech or communication disorders, mental illness, or behavioral needs.

Roundup's Residential Child Care Facilities Offer:

- Family-like homes for 7-8 residents, located in typical neighborhoods.
- Well-trained staff and intensive staff-to-resident ratios.
- 24 hour awake supervision.
- Opportunities to grow and learn in a safe, structured environment.

- Emphasis on communication, emotional training, life and social skills education.
- Positive behavior management with a focus on self control.
- Individualized assessment and program development.
- Collaboration with families and other service providers.
- Licensure by the Colorado Department of Human Services.

We Serve:

- Boys and girls age 6-21, who have a developmental disability.
- Children requiring cognitive, skill, and behavior management training.
- Children with a co-existing mental health diagnosis.
- Children with other handicapping conditions, such as head injuries, on an individual basis.

* We will not accept children who have a history of being sexual predators, those who have chronic substance abuse problems or individuals who require regular restraint or locked doors.

Contact Michelle Moore, Admission Director, at (303) 946-6711 or mmoore@rup.org for additional information.

Therapeutic Foster Care
Another option that I know is a difficult for parents to consider is therapeutic foster care. There is a big difference between a parent who is trying to work and support a child with multiple disabilities, and a person who is trained and paid to care for a child with multiple disabilities. We have seen children like this do well is special therapeutic foster care.
– Brian Talent, 6/09
You would have to interface with Dept. of Human Services for this.
