Hero Sponsor

Hero Sponsor is our most prestigious level for organizations that want to co-sponsor all the 2025 ASC events. Our continuous outreach before, during, and after every event ensures your target audience sees your message throughout the year — keeping your brand top-of-mind for individuals and families across Colorado. This includes all access to our newsletter readers, social media followers, and media attention that the events receive.

Event Sponsor

Event Sponsor is similar to the Hero Sponsor in the perks included, but at the cost savings of just supporting one event. It is the perfect way to share your product or service with the Autism community before, during, and after an event. This includes all access to our newsletter readers, social media followers, and media attention that the event receives.

Gold Sponsor

Gold Sponsor includes many value-added perks that keep your business in front of the Autism community as we lead up to an event, and as part of our post-event follow up. Gold sponsors also receive a special showcase in our newsletter and on social media.

Silver Sponsor

Silver Sponsor is an affordable way to promote your business - including some exposure to our social media and newsletter followers.

Bronze Sponsor

Bronze Sponsor is a great way for smaller businesses to reach the Autism community by also including some exposure to our social media and newsletter followers.

**IT'S A
WONDERFUL LIGHT**

Our annual holiday lights celebration grows larger every year, attracting community members of all ages and even news media for cocoa and mingling.

**PREFERRED
PARTNERS**

Our new web resource puts the Autism community directly in touch with businesses who offer the products and services they need to thrive.

The **Autism Society of Colorado**'s mission is to create connections, empowering everyone in the Autism community with the resources needed to live fully. This includes families, providers, educators, and members of the community. At ASC, we work to advocate, inform, and share the journey with thousands of Coloradans.

Adventure For All was founded to coach and inspire individuals with exceptionalities (disabilities) to overcome the impossibilities society has attached to them. We exist to disrupt the current belief system and redefine inclusion.
